*Benefit coverage is effective for participants who remain enrolled in their plan at least until the completion of treatment. If enrollment expires before treatment is completed, coverage is no longer available unless annual fee is paid for the next year.

*Our dental savings plan is not an insurance plan, it has been designed to provide a way for our patients to obtain the dental care they need at the most affordable rate. The savings plan:

- Is standalone coverage and is not to be combined with insurance benefits.
- Cannot be used in a Workman's Compensation treatment plan.
- Is for use in treatments that lie within our realm of expertise.
- Cannot be used for treatment with another dentist or specialist to whom we refer, unless part of our Iverson and Burton Specialist Network

*There are no refunds for paid premiums, even if the Savings Plan benefits are not utilized during the participation period.

*Families with children up to 23 years of age and unmarried, may combine as family unit. Children over 23 and/or married may enroll at an individual rate.
